## OKLAHOMA FARMER WANTS MATCH HERE

Wrestler Who Put Young Olsen of St. Louis Down  
Wants to Go on Mat

The Review is in receipt of a letter from Roy Mabey, the "Oklahoma farmer," who is now at Albuquerque and who wants to meet any comers in this section at Bisbee on the mat. Mabey weighs 175 pounds, and although just fresh from the Oklahoma potato patch, gives promise of developing into one of the best of his class.

Mabey came out of Oklahoma several weeks ago and went on at Albuquerque with Simon Deshler, the German blacksmith. Deshler, although weighing 190 pounds, proved no match for the Oklahoma. Mabey later went on with Young Olsen of St. Louis in a handicap, Olsen agreeing to throw the farmer three times in an hour. He failed to make good. Mabey surprising the audience by winning one of the falls. Another match was arranged and Mabey put the St. Louis Swede down. Olsen is the man who wrestled with Joe McCrea, the champion of Colorado, at Amarillo, the match resulting in the killing of McCrea by a bad fall.

Mabey desires any comers who want to meet him in this city to write him in care of the Review.

## CALLAHAN COLTS ARE THERE WITH THE GOODS

Yesterday afternoon the Callahan Colts, the ambitious baseball team that wants to join the city league and contest for the pennant offered by the Review, held a practice game at Warren. The Colts demonstrated that they can play ball well enough to make it interesting for any club in the league.

## AD WOLGAST STILL WORLD'S CHAMPION

NEW YORK, April 26.—Ad Wolgast stepped from the ring in the Madison Athletic club tonight still the lightweight champion of the world.

In the second round he caught "One-Round" Hogan of California a terrific left swing on the jaw, followed by a heavy right to the wind, and instantly Hogan was in distress. A moment more and the latter's seconds threw the sponge up.

## CLUB CHAMPIONSHIP AT GOLF COMES NEXT

Begins Sunday at Warren  
and Is Certain to Be  
of Interest

Next Sunday the Warren District club members qualify for the golf championship of the club. During the past two years Gerald Sherman has won the honors and from all indications will make a hard run for it this year.

Next Sunday all club members will turn in their score cards and the sixteen making the lowest score will then in turn play each other until the match is down to two members who will then play thirty-six holes to determine who is the best golfer in the club. In this qualifying match there is no handicap given players, as it is to determine who is the best player. The golf course and greens are now in the finest of condition and some lively contests may be expected in the qualifying match as well as in the final sixteen to play off.

The club recently challenged the Douglas club to a ten man match, to be played eighteen holes in Douglas in the morning, and eighteen holes at Warren in the afternoon of the same day, but the Douglas club would not accept. The match is now being arranged informally between individuals of the club.

Walter Douglas had business engagements and was obliged to default in the finals for the Dodge cup, and Mr. Cutler is therefore winner, and will receive from Mr. Dodge a miniature of the large trophy which remains in the club house.

## BASEBALL NOTES

Of the first six games of the season played by the Cardinals three were tie games.

"Bill" Dwyer has succeeded the veteran George Davis as manager of the Des Moines club.

The Athletics have refused to waive on Fitchers Arelaines and Hunt of the Boston Red Sox.

Dan McGinn, the old New York Milwaukee player, who committed suicide, left an estate of \$35,000.

Johnny Sheppard, Lew Ritchie and John Pfeiffer have signed with the Chicago Cubs for the seasons 1911-12-13.

Manager Bob Engle has signed a likely looking bunch of players for his Lincoln Western League club.

The Cubs did not play a tie game in 1910, and they started this season with two tie games out of the first three played.

The dairymilk craze has struck Chicago. Now watch—if Johnny Evers refuses to eat meat on Friday does Tom Needham?

The South Dakota league has been organized with teams in Mitchell, Aberdeen, Watertown, Huron, Redfield and Faulkton.

The Oakland and Los Angeles teams gave the Pacific Coast league fans a good run for their money recently by playing an 17-inning game.

Pitcher Earl Moore of the Quakers is showing a fine line of spring benders. Earl is shooting 'em over the pan the same way as he does in July.

On his first appearance after rejoining the Washington team Pitcher Tom Hughes stood the Highlanders on their heads. They never come back unless they return.

The Eastern league turned out some class players last season. Johnson and Blair of the Yankees, Topley and Zimmerman of the Dodgers, and Williams of the Boston Red Sox are all graduates of the Barrow circuit.

Evidently Owner John I. Taylor of the Boston Red Sox loves the St. Louis series—not in a recent interview Colonel Taylor fed a Boston reporter the following: "I trust that the Boston papers won't turn out to be like the St. Louis ones, in always being there with a knock for the home team."

**WAR VETERANS' REUNION.**

## Brief Local Items

**Boy is Missing.**  
Harold Cornforth, aged 12 years, of Rodeo, N. M., is missing from his home and officers in this section have been asked to look out for him. The boy is said to have left home without a hat, coat or shoes. He has a small scar on his chin.

**Monkey-Faced Owl.**  
A monkey-faced owl in Gilman's show window on Main street yesterday was the attraction for the passing crowds. The owl showed no interest in the crowd's curiosity, seeming to have become reconciled to the fact that he is a monkey-faced owl.

**Court Business Nil.**  
Yesterday was a day of dullness in all of the city courts. No cases were tried in Judge Burdick's court and only one was tried in Judge High's court. Lowell has nothing on Bisbee in the halo line. Bisbee officers say.

**Postal Bank Notes.**  
Workmen are still engaged in changing the interior of the postoffice preparatory to the opening of the postal savings bank on May 1. Mrs. A. M. Lachance will be clerk in charge of the bank, and will be assisted by Misses Cora E. Sprun and Geraldine Ryan.

**Fined \$10 For Assault.**

J. W. Heller, a telephone lineman, was fined ten dollars yesterday in Judge Morris High's court on the charge of assault and battery, the complaint having been sworn out by O. Brown. The difficulty occurred in the postoffice lobby and was the result of bad feeling which is said to have existed between them for some time. Brown's face was considerably pummeled up by his antagonist.

**Kicked By a Horse.**  
L. H. Wyatt of South Bisbee is suffering as a result of a severe injury received from a kick by a favorite horse Sunday evening. The horse kicked Wyatt on the head, and all but severed an ear. The ear, although almost torn off, has been sewed on and Dr. Edmundson believes it will heal. Wyatt was in his corral when the horse kicked at another horse in the corral and missed his intended victim, the full force of the kick being received by Wyatt.

**Papagoes Get Booze**  
A Papago brave was locked up yesterday afternoon by Deputy Sheriff Will White on the charge of being drunk. The brave was of a party of several that came to the city to sell ollas and instead of taking the money home to his wife, this one invested in fire water. The others of the party are said to have been drinking, but did not have sufficient ollas to make it a jag. As it is in violation of federal statutes to sell whiskey to Indians, the question arises, where did they get it?

## MODERATE ADVANCE IN PRICES OCCURS

Union Pacific and Reading  
Strong; Steel Weak,  
but Recovers

NEW YORK, April 26.—The accumulation of stocks continued today in sufficient volume to cause another moderate advance of prices. Among the market leaders was Union Pacific and Reading was especially strong. Late in the day there was considerable bullish activity in the Canadian group, the various southern stocks and Erie's.

United States Steel was once more the center of interest. On account of the disappointing character of the earnings for the last quarter, the stock was sold heavily at the opening, but speedily rallied.

An important development of the day was the increased demand for the various issues of bonds. The sales were in excess of many a day and several railroad and municipal issues touched record prices. The sales of two issues of railroad bonds, amounting to nearly \$20,000,000, were reported.

Amalgamated Copper's brief period of activity at advancing prices was interrupted today, the stock declining nearly a point. It was announced that the United Metals Selling company has been recently taken over by the Amalgamated Copper interests and would no longer be guided by any set of price making sales, but sell copper at prices necessary to meet the exigencies of the market.

## JAMES P. HUTCHINSON BECOMES A BENEDICT

Popular Dispatcher of Warren Weds Miss Josephine Humphrey Last Evening

James P. Hutchinson and Josephine Humphrey were married last evening at 8 o'clock at the home of the bride in Opera Drive. The wedding was private, and will prove a pleasant surprise to the friends of the young couple. Mr. and Mrs. Hutchinson will be at home to their friends after May 1, at the home in Opera Drive.

Mr. Hutchinson has been employed for the past four years by Superintendent Cadwell of the Warren-Bisbee railway as dispatcher, and has proved not only efficient, but very popular with both his fellow employees and the patrons of the electric railway. Mr. Hutchinson came to Bisbee from Aberdeen, Mississippi.

The bride is a native of Pueblo, Colorado, but has resided in Bisbee during the past two years, with her parents. The Review extends its congratulations and best wishes.

## Dr. C. M. HORN

THE LOS ANGELES DENTIST

"Never Hurts a Bit"

By way of illustrating how far-reaching my fame as a real painless dentist is spreading, I have had calls this past week from Arizona, New Mexico, Nevada and far away Colorado.

All these people are members of the Cowards' Club of North America, Unlimited, all of whom are brave in all cases, which call for bravery, save one—the Dentist's chair.

And one and all come to me because they are impressed with what I say to them through the newspapers about doing away entirely with pain.

No more torture in having any dentistry done by me or one of my assistants.

And no dentist in any city in America does finer work than I, but a great many charge higher prices. I prefer to do a large volume of business and make a fair profit than to make a few people pay outlandish prices.

Do you agree with me?

And are you a coward about going to the dentist?

Will you let me demonstrate my ability—even if your first piece of work may be a simple one?

And lest you forget, I'll say it again.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness, and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suit of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.

## BIG FELLOWS ARE CAUGHT REBATING

CLEVELAND, O., April 26.—United States District Attorney Day announced that three officials were indicted by the federal grand jury today in the railroad rebating cases. They are Dan R. Hanna, president, and R. L. Ireland, second vice president, of the M. A. Hanna company of Cleveland and D. T. McCabe of Pittsburgh, fourth vice president of the Pennsylvania railroad. They are charged with conspiring to violate the Elkins law.

Ten indictments on 167 counts charging four iron ore carrying railroads entering Cleveland with refusing and alleging that the two were guilty of conspiracy to violate the Elkins' law were returned by the federal grand jury. The railroads are the Pennsylvania, the Lake Shore and Michigan, the Southern, Bessemer & Lake Erie and the New York, Chicago & St. Louis, (the Nickel Plate).
